1 In Kizugawa city, we provide a service that emails disaster information etc. to mobile phones and PCs registered in advance so that citizens can receive disaster information quickly and accurately. Please use it as a means of information acquisition at the time of disaster.

2 People who can register

Anyone can register as long as they can use email with a mobile phone or PC.

3 How to register

- ① Read the QR code of the language you would like to register (or input the email address directly), and send an empty email.
 - ② You will receive an email with a URL for registration in a few minutes, so please access it.
 - ③ Select delivery information and complete registration after checking input contents.
 - ④ After registration completed, you will receive an email informing registration completion in a few minutes.
- ✖ There are cases when you cannot receive an email due to spam mail prevention system. For how to change settings, please ask each mobile phone store.

4 Method to change / cancel

○ When you want to cancel registration

Please access the URL described at the end of the received email and select unsubscribe. Shortly, the email service deletion completion email will arrive and cancellation will be completed.

○ When you want to change information content

Please access the URL described at the end of the received email, select the change of the registered information, and change the information to be distributed.

○ When you want to change the registered email address

Please cancel registration of the old email address, and then register with a new email address.

5 Precautions

○ Although registration is free, the communication charge required when receiving email, etc. will be at the users cost.

○ This service email will be delivered anytime.
